

# Leap With Alice Private Pre-Sale FAQ

## **How can I participate in the private pre-sale?**

The Private Pre-Sale is structured to accept contributions from the friends and family members of any and all Leap With Alice team members or advisors. For more information, please refer to: <https://medium.com/@LeapWithAlice/private-pre-sale-how-to-participate-3d59874515bc>

## **What information must be provided to participate in the Private Pre-Sale?**

To join the Private Pre-Sale round, all wishing to contribute must go through the KYC/AML process. This requires everyone to upload a photo of their passport OR a state issued driver's license and SSN.

## **I completed the KYC, now what?**

After the KYC has been submitted, you will be contacted by [info@LeapWithAlice.io](mailto:info@LeapWithAlice.io) within 24 hours regarding the pass/fail result. After passing, you will be guided on how to securely invest with Leap With Alice.

## **What happens if I fail?**

Do not fear! Failing the KYC process could be result of photo distortion (i.e. glare). Regardless of the pass/fail result, the Leap With Alice team will reach out via [info@LeapWithAlice.io](mailto:info@LeapWithAlice.io). In a failing instance, our team will guide you on how to rectify the situation.

## **What currencies will be accepted during the private sale?**

During our private sale, we will be accepting ETH, BTC, DASH, and USD.

## **Can I pool funds from other friends and family members together?**

If there are clusters of friends or family that want to group their investment, they must all undergo the KYC process and invest their portions under their individual profiles.

## **Is Leap With Alice a utility token or a security token?**

The LWA token will be a 100% SEC compliant security token, representing future equity of Leap With Alice.

## **How much will you raise in the Private Pre-Sale?**

Our goal is to raise \$10M USD during the Private Pre-Sale.

## **How long will the private presale go on for?**

The Private Pre-Sale is running for 75 days, consisting of 5 separate rounds. Each round will last 15 days, starting on May 15th and running through July 31st.

## **How do the discounts work?**

Each round presents a different opportunity to purchase LWA tokens at a discounted rate. Beginning with the first round, LWA Tokens will be sold at a 50% discount (\$0.50/LWA). Each round will reduce the discount by 5%, with the final round structured around a 30% discount (\$0.70/LWA).

## **What discount round am I?**

There will be five rounds over the course of 75 days, starting May 15th and ending July 31st. The rounds occur as follows:

Round 1: 50% Discount from May 15th - May 30th

Round 2: 45% Discount from May 31st - June 15th

Round 3: 40% Discount from June 16th - June 30th

Round 4: 35% Discount from July 1st - July 16th

Round 5: 30% Discount from July 17th - July 31st

## **When will I know how many LWA tokens I will receive?**

The completion of the KYC application process also serves as a timestamp that coincides with the LWA Token Sale's discount structure. Once your application has been submitted, you are locked into that discount round.

## **When will I receive my Tokens?**

The Private Pre-Sale will run for 75 days. At the completion of the Private Pre-Sale, tokens will automatically be distributed to contributors.

## **What wallet should I use?**

We highly recommend the Mercury Cash wallet. This wallet is not only streamlined and easy for anyone to use, but is fully SEC compliant and secure.
